

Product Features

Twenty percent crude protein supplement consisting of a nutrient-dense blend of molasses solids, protein, hydrolyzed vegetable oil, vitamins, minerals and trace minerals. Provides essential supplemental nutrients to livestock consuming moderate quality forages. The continuous nutrient availability promotes efficient utilization of supplemental nutrients.

Feeding Instructions

CRYSTALYX® HE-20%™ supplement is designed for self-feeding to grazing beef cattle and bison.

Place containers in areas that achieve desired supplement intake. Once acceptable intake levels have been achieved, the containers may be moved to underutilized pasture areas to improve grazing distribution and forage utilization. Feed at the rate of one container for every 20-30 head. A minimum of two (2) containers may be necessary in each lot or pasture to ensure proper accessibility. Self-fed consumption will depend on size of animals fed, seasonal weather conditions, as well as quality, source and availability of other feeds. Cattle and bison typically consume between 0.5 and 1.1 pounds per head per day.

ALL CONSUMPTION FIGURES STATED HERE ARE APPROXIMATE. PROVIDE FREE ACCESS TO CLEAN, FRESH WATER AT ALL TIMES. CRYSTALYX® HE-20%™ SUPPLEMENT CONTAINS NO SALT. PROVIDE SALT FREE-CHIOCE.

NOTE: CRYSTALYX® Brand Supplements deliver a continuous supply of nutrients and are designed as a supplement to the animal's diet. When quantity or quality of other feedstuffs is limited, supplemental nutrients in addition to those provided by CRYSTALYX® Brand Supplements may be required. In situations where additional nutrients are needed, contact your feed representative for specific recommendations.

WARNING: This product, which contains added copper, should not be fed to sheep or any species that have a low tolerance to supplemental copper.

CAUTION: USE ONLY AS DIRECTED. FOR RUMINANTS ONLY. Consumption of selenium should not exceed 3 mg per head daily.
