Fall Price Later grain will have a deadline of September 1, 2019 to price. All Price Later bushels will be priced at the “nearby bid”.

2018 Storage Policies

Commercial storage will remain at \$.04/bushel/month. There will be a \$.16 minimum for all stored bushels. This minimum will be in effect starting September 1, 2018. There is no free time. Load-out charges remain at \$.14/bushel.

CORN

Cash or contracted corn will be shrunk and dried to 15.0% moisture. Price Later, warehouse receipts or open storage will be shrunk and dried to 14.0% moisture.

Drying charges will be 5 cents each point of moisture over tolerance and shrink at 1.5% each point of moisture over tolerance.

Individual grade factors will not be averaged.

SOYBEANS

All soybeans will be shrunk to 13.0% moisture or taken as a percentage of the price

Drying charges will be a straight shrink of weight or percentage of price 2.0% each point over 13.0% to 15% moisture and 3% each point over 15%.

Foreign material over 1.0% will be deducted from gross weight and will not be averaged.

All GRAINS

Each producer is responsible to inform the scale operator who the grain is for, the disposition of the grain (sell, contract, price later, etc.) when delivery is complete.

Grain that is exceptionally off grade, wet or heating may be rejected.

Have a safe harvest.
